PROFESSIONAL EXPERIENCE

Financial Audit Intern | KPMG LLP

Feb 2026 -- Mar 2026

- Performed basic audit procedures for an insurance company annual audit, completing completeness and reliability tests on commission expenses; assisted in subsequent event reviews tracking major claim payments and surrender events, and participated in preparing the Summary of Unadjusted Misstatements
- Participated in a quantitative private fund annual audit, performing financial asset valuation tests and verifying stock, futures, and derivatives positions against valuation model parameters; assisted in calculating management fees and performance fees; completed 10+ bank and counterparty confirmation letters; compiled investment manager compliance statements and investor share change schedules

Equity Underwriting Intern | Sinolink Securities Co., Ltd.

Nov 2025 -- Jan 2026

- Participated in a BSE IPO project for an auto parts manufacturer, assisting in drafting the "Business and Technology" chapter; analyzed the NEV lightweighting market (CAGR 15%+), competitive landscape, and the issuer's core technology (high-strength stamped aluminum alloy parts) differentiation advantages; validated business authenticity and customer stickiness
- Assisted in financial verification, performing revenue recognition cutoff tests, cost allocation accuracy analysis, and gross margin peer comparisons; proposed 3 adjustment recommendations on scrap revenue accounting and mold amortization treatments; assisted in improving internal control processes to meet BSE financial compliance requirements for "Specialized, Refined, Unique, Innovative" enterprises

Investment Banking Assistant Intern | Zheshang Bank Co., Ltd.

Jul 2025 -- Nov 2025

- Assisted the IB team in completing due diligence and filing for 2 non-financial enterprise debt financing instruments (SCP/CP), focusing on analysis of issuer operating cash flow stability and short-term debt service capacity; drafted "Use of Proceeds" and "Issuer Financial Condition" sections of the offering circular; assisted in obtaining registration approval from NAFMII
- Responsible for project document collection, classification, and electronic archiving; established a three-tier quality control review mechanism; coordinated with rating agencies and law firms to complete 2 entity credit rating updates and legal opinion issuances, ensuring completeness and compliance of filing materials

Trust Assistant Intern | CITIC Trust Co., Ltd.

Jul 2024 -- Aug 2024

- Assisted trust managers in preparing financial and operational reports including trust income reports and risk reports, providing decision-making support to trust management; assisted in regular data analysis of trust plans, tracking trust fund operations and performance

- Assisted trust managers in executing 10+ channel business projects, participating throughout project planning, resource allocation, progress control, and performance evaluation to ensure smooth project implementation

Investment Banking Advisory Intern | China Galaxy Securities Co., Ltd.

Jan 2024 -- Feb 2024

- Assisted in writing in-depth company and industry reports; analyzed the company's core business, financial status, industry market size, and competitive landscape based on client-specific industries or market trends, helping the company understand market risks, identify new market opportunities, formulate expansion plans, and optimize business portfolios

Equity Underwriting Intern | Kaiyuan Securities Co., Ltd.

Jul 2023 -- Aug 2023

- Followed up on a NEEQ listing project for a Zhejiang-based manufacturing company; verified 2,000+ financial transaction records of directors, supervisors, and senior management; examined purchase orders, contracts, sales orders, invoices, and patents; compiled distributor and direct client counts; drafted industry sections of the project proposal, effectively facilitating due diligence and quality control processes

RESEARCH EXPERIENCE

Common Fund Flows in China: Flow Hedging and Factor Pricing | First Author

Feb 2023 -- Sept 2023

- Discovered that in China's stock market, fund managers actively adjust portfolios to hedge against common fund flow risks, significantly affecting stock prices; validated flow risk as an important asset pricing factor based on the Chinese market

A Study of Photovoltaic Power Plant Siting Based on Multi-Criteria

Apr 2024 -- Oct 2024

Decision Analysis and Spatio-Temporal Prediction | Co-First Author

- Combined multi-criteria decision analysis (MCDA) and spatio-temporal prediction techniques to optimize photovoltaic power plant siting, addressing China's dual challenges of power supply and environmental protection; constructed a comprehensive evaluation model based on MCDA, providing theoretical foundations and technical support for China's PV industry development

EXTRACURRICULAR ACTIVITIES

Morgan Stanley: 2024 Internal Audit AI Workshop & 2024 Securities China

Jun 2024 & Oct 2024

- Discussed AI applications in internal audit covering how AI technology enhances audit efficiency, risk management, and decision support; explored future trends in China's securities market and Morgan Stanley's strategic planning with relevant executives, exchanging perspectives as a young professional

League Branch Secretary | Finance Class gj2202, School of Economics

Sept 2022 -- Sept 2024

- Coordinated class affairs; planned and organized multiple on- and off-campus thematic activities to enrich classmates' university life

Volunteer Department Head | School Youth League Committee

Jun 2023 -- Jun 2024

- Collected freshman information and assigned corresponding volunteers; conducted volunteer orientation education; coordinated with the university on nearly 100 volunteer recruitment and training sessions
